DETAIL ACTION

1. This Office Action is in response to the Amendment filed 05/31/05.
2. Claims 14-15, 25-26, 28-29, and 34-35 are pending.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

4. Claims 14, 25-26, and 34 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

Claim 14 claims " a storage medium having stored thereon a plurality of programming instruction". However, this feature is not found in the specification.

Claims 25-26, and 34 are rejected on the same rationale applied to claim 14

Allowable Subject Matter

5. Claims 15, 28-29, and 35 are allowed.
6. Claims 14, 25-26, and 34 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
